

**POLR**  
WORKFLOW

*The New Way to Manage your Business*

# PATH OF LEAST RESISTANCE

**POLR Workflow** is an innovative tool designed to manage processes within your business.

With **POLR Workflow** you can automate internal processes to increase efficiency and increase visibility of employees responsibilities to build accountability.

## BENEFITS

Automates  
processes

Minimizes human  
error

Practical & easy  
to use

Increases  
accountability

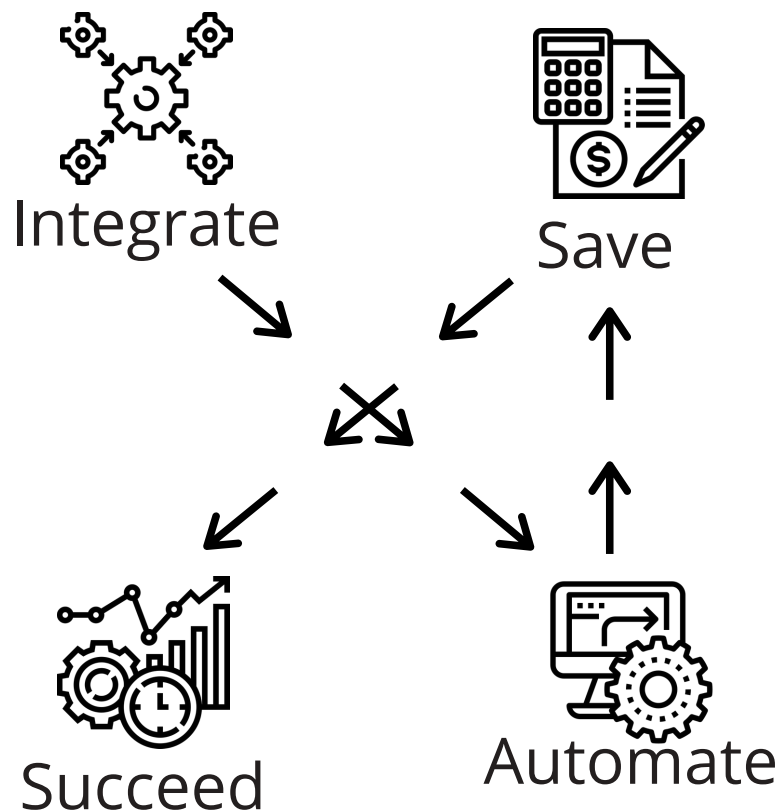

Saves valuable  
time

Increases  
efficiency &  
profitability

# Ground-Breaking Technology

**POLR Workflow** allows businesses break down comprehensive processes into small, actionable work packages to increase visibility of process blockers and identify process improvement opportunities.

With **POLR Workflow** you can generate reports directly from the established workflows to identify data discrepancies.
